

Distributor Brochure

Hello and thanks for your interest in The Original TankTop Brand propane tank covers!

We recognised that not everyone that uses propane to heat his or her home enjoys the appearance of an aboveground domestic propane tank. A lot of people try to landscape around their tank in an effort to hide it, often with unsatisfactory results and sometimes the landscaping makes it difficult for the fuel truck driver to fill the tank.

Our solution to this problem is **The Original TankTop Brand** propane tank cover.

Who can Distribute Our Products?

The short answer is anyone. If you are a propane retailer or a distributor of propane accessories or hardware products, TankTop brand covers complement your business perfectly. However, we have not limited ourselves to this area. If you live in a community where propane is prevalent, you can purchase from us to distribute our products locally and provide value-added installation services to your neighbours.

Product Introduction & Information

The Original TankTop is a camouflage cover that allows the domestic propane tank to virtually disappear into its natural surroundings. Each TankTop is made of breathable and fire-resistant polyester. The tank's valve housing remains uncovered for easy re-fuelling. Currently, we offer TankTops that cover 500-gallon tanks, 330-gallon tanks and 420-pound cylinders. These photos give you an idea of what The Original TankTop accomplishes when installed over a 500-gallon tank.

Why The Original TankTop Complements Your Business

Did you know that in 2005 Americans spent nearly US\$300 billion on home improvement products and services? Clearly, Americans are greatly concerned with improving and beautifying their homes and this is a product that allows you or your company to enter this huge market segment to increase your profits. As we like to say, *Beautify Your Tank, Beautify Your Home.*

The Original TankTop improves the appearance of domestic propane tanks by helping the tank blend into its natural surroundings. Thus, The Original TankTop is a very desirable product for your existing and growing group of customers whom are concerned with the appearance of an aboveground propane tank on their property. After all, if you are a propane retailer, isn't it a good idea to provide your customers with an affordable & safe solution to address the largest perceived drawback of your service?

How to Execute Distribution of The Original TankTops

Choose to add value to your customers' propane experience by using the Original TankTop as a promotional item to bolster new business and increase customer loyalty. Offer a free Original TankTop cover to encourage new contracts or contract renewals.

Whether or not you have a lot of traffic into your office or store, we recommend that you allot several TankTops to your driver(s) to have on hand to offer to customers as they visit for refuelling. Have the fee added and itemised on their next bill. Keep track of how many TankTops you give to your drivers at the start of each day and take inventory and sales details from them when they return. TankTops are easy for anyone to install, but as an incentive, offer your customers free installation provided by your drivers. It takes just five minutes to install one Original TankTop.

How to Purchase Original TankTops

Buy securely on our web site at www.originaltanktop.com with VISA or MasterCard or email us at sales@originaltanktop.com if you prefer to use PayPal. If you have any questions please feel free to contact us. All wholesale orders are shipped **FREE** using UPS Ground.

Sincerely,

John Tomlinson
